

# Gateway Bike Trail to William O'Brien State Park

28.3 Miles, mostly on a bike path

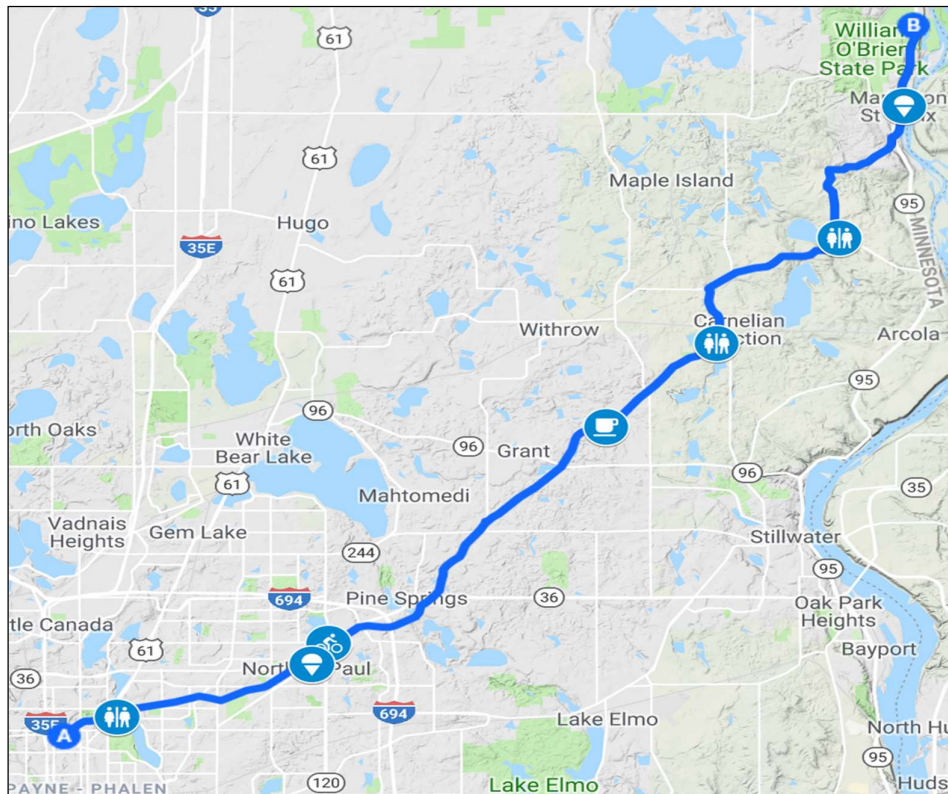

All bike routes have strengths and weaknesses. A strength of this route is that showers are about ¼ mile from the campsite. A weakness is a steep hill on the way back, leaving Marine on St. Croix. Even cyclists who cycle for 1,000s of miles push their bike sometimes, including me. If you need to push your bike up a hill, you're becoming more like experienced cyclists.

Directions from Gateway Bike Trail to William O'Brien State Park, O'Brien Trail North, Marine on Saint Croix, MN, USA
